Dear Aztalan Member:

According to the By-Laws of the Club, once a child reaches the age of eighteen, he or she should have their own membership. Since you are considered to be a member in good standing with the Club, you have two options:

1. Your child would be able to have his or her own membership if they are still living in your home, but are no longer dependent upon you. Simply make copies of the renewal packet for him/her to complete and send back to the above address. This would be a free membership for Working Members.
2. If that child is totally dependent upon you, they may remain under your family membership. Examples would be: they are attending school or are disabled. If this is true, please complete the bottom portion of this letter and return it with your renewal papers.

We thank you in advance for your cooperation regarding this matter.
